

GRADE I

• INTERIOR RESTORATION COATING •

For all interior surface / stains

- Solvent based.
- Almost odourless - Use where odour is a concern.
- No sanding.
- Zero tension paint film - Flexible formula makes it resistant to cracking, flaking and peeling.
- Coating protection - The dried coating is protected against fungal degradation.
- One can system - Self-priming flat finish.
- Perfect for historical / period properties.
- Unparalleled stain blocking - Seals fire and smoke damage, crayon, marker, most types of ink and water stains.
- Handles high alkalinity - Up to 12.5Ph - Great over lime, new render and plaster.
- 8 year performance.
- Durable & washable - Warm soapy water.
- Easy to apply - Bristle brush, roller or airless spray.
- Recoat in 2 hours.
- Tintable to pastel and mid-tones.
- Coverage 10m²/L - Dependant on surface porosity.
- Finish is smooth, flat and non-yellowing.
- Benefits from a sales and specification team.
- Available in 2.5L, 5L and 10L sizes.
